For more design ideas, please visit the Bracelets section of our website

Important: Please note when choosing your Pandora style bracelet – you will need one size larger than normal as the bracelet is meant to be worn loose and the amount of beads will also reduce the diameter. Please measure your wrist and for example if 7” then you need 8” size bracelet.

Note: In the event that when you receive your bracelet it is still not the correct fit, then we will be happy to give you a replacement. Just follow the return process on our website and we will resend your order with the new size bracelet to you by return at no additional cost.

Pandora Style Bracelets

Below are some examples which will show you how many beads you may require depending on the style:

The first picture shows Black/White beads along with silver spacers. The second picture shows Red/Black beads, stopper beads and a red heart dangle charm. The third picture shows snake bracelet made in mixed colours with no spacers or stoppers.

To build your own bracelet just work out the components you require:
